Gem State Adventist Academy will be here for a special musical worship service at our church on Feb. 26th, 10:45am. You are invited to attend! Two of our students will get to sing with them on a couple of songs. There will be a dinner following the service.

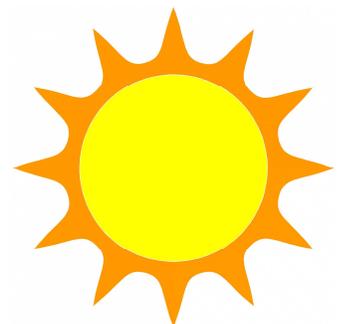

Registration for 22/23 School Year

Registration for existing students is happening now. To save your spot, Please fill out the online Registration Renewal & Consent to Treat forms that were sent via Brightwheel

March 1 begins registration for waiting lists and new students.

We are also taking names for summer camp this summer. Please let Teacher Jodi know if you need child care for summer. We have a limited amount of openings

Teacher Martha's Class

The week started off sweet! Cookies on Monday and cinnamon roll breakfast Tuesday. Thank you to all the families who came and shared the meal with us. I hope you were blessed and got to meet other school families as you ate.

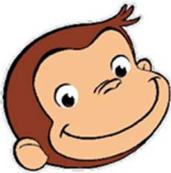

Last week we crossed the Jordan River and saw the power God has as He parted the river. This week we are able to witness His power again as He led Joshua and his people to Jericho. The walls fell without an pressure from the people. God is amazing and I love the excitement the kids have when they hear the stories!

We have worked on rhyming more this week. The kids are doing well with recognizing words that sound alike. We have done some alphabet work and found missing letters. We practiced our fine motor skills with beads with added patterns skills too.

This coming week I hope to finish the counting jar. Then we will start a literacy project. Each kid can bring a story to read at circle time. It will be kept safe on my desk until they go home. There will not be a specific day. Just have them bring the book and we will read as they come in. Thanks for helping us bring a bit of your home into the classroom.

Curious Kinders News

We began this week with Jesus feeding 5000. Visualizing how many 5000 people is hard, so we looked at a picture of a huge crowd of penguins (in keeping with the study of the Arctic Region). Then we remembered how small a roll is and asked if it could feed and fill up everyone in our classroom. Then the kids got the idea of how big this miracle was that Jesus gave them. For math, we began counting in tens, looked at numbers, and introduced place value to the tens. We continued reading from our little readers this week, and practiced phonics for F, H, G, & I. We spent a bit of time learning about the animals that live in Alaska, matching adults to babies, and drew a baby seal to go with our polar bear and igloo. A big thank you for coming to breakfast on Tuesday! It was so much fun getting together. I love our big school family!

Mrs. Davidson's Classroom

Thank you to all who came to our Valentine's breakfast on Tuesday! It's always fun to see everyone together eating and enjoying each other's company. We followed up with our Valentine's party that afternoon. I hope everyone went away

feeling loved

We started a new Bible unit this week on Samuel with the focus of being in tune with God's will. In math the first-graders have been practicing adding and subtracting tens, the second-graders have been subtracting three-digit numbers, and third-grade math has started working with division concepts. In P.E. we have worked more on hockey skills, this week focusing on passing. In music we practiced the songs we will sing for the Spring Program and learned a little more on our flutophones. We are almost finished with our world geography unit on Asia, and have discovered that many of the flags of the Middle East have the same colors. It is amazing that even in that war-torn part of the world there is still some incredible beauty.

Remember that there will be NO SCHOOL on Monday, February 21 in honor of Presidents Day. Enjoy another long weekend!

Mrs. Messecar's Classroom

This week at recess we played soccer, a lot. Everyone had fun. (The students wanted everyone to know that.) In PE we worked on volleying the ball. Tuesday we had a fun Valentine's Breakfast and then a party after lunch. Thank you Emma and Makenzie for the fruit and cookies. We are studying the 3rd Angel's Message a bit this week.

On Thursday morning Luke's mom, Pastor Steve's wife, Kim Echelmeier came to the school and had a worship talk with us. She told us her story about health issues and how God showed her what she needed to do to get healthy. She shared some good chia seed pudding with us as she told us about healthy eating and living.

The students are all working very hard on their math goals. Some met those goals by Thursday and are proceeding on with new work. They are really working hard on their math.

In Social Studies we are learning about Imperialism, Isolationism, and Expansionism in the late 1800's and early 1900's. They are seeing how the USA moved away from Isolationism to Imperialism through Expansionism quite rapidly.

On Saturday, February 26 during church service at 10:30 AM, two of our students were invited to participate with the Gem State Adventist Academy Choir a song or two that they learned at the Music Festival. (Only two of our students attended and know the songs.) You are all invited to come and watch them sing. It will be a musical service. There will be a potluck following the service in the gym.
