April 3, 2-3:30pm

“Thrive” Come and learn about Healthy habits, whole food plant based recipes and detox methods. At the school gym. By Kim Echelmeier

Preschool & Kindergarten went
to ZooBoise on Thursday!
We had a great time...

Teacher Martha's Class

Well this week was active at preschool. We had a parade of animals come through to board on our ark. Tall ones, short ones, God sent them all to the ark. Then toward the end of the week, the drops started falling...then bigger ones and soon EVERYTHING was covered in water. Crazy rain flooded all...now we are waiting for the ground to show again so we can leave the ark. God sure took care of Noah and his family. On Thursday we braved the cold. On Wednesday we asked God to keep the wind away and He did! We had an amazing day at the zoo! The sky was blue, the sun shone and lots of the animals were sunbathing...perfect for us to see them. Thank you God for answering our simple prayers.

Curious Kinders News

We began our Bible lesson this week Daniel and his friends choosing to serve God and do His will even though they lived in a strange country and were away from their parents. God was with them and blessed them in the good decisions they made. For math, we counted by 2's. We have a number maze on the floor that the students walk in the classroom to help them count by 2's. We also have a song we sing from YouTube. For LA, we began phonics with B & W, read books, and practiced sorting objects that began with B & W. We added internal organs to our skeleton posters and learned what the organs do in our bodies. On Thursday, the highlight of the week, we went to the zoo! Oh how we love the zoo! Such great memories!

Mrs. Davidson's Classroom

What we learned this week:

- Colton - pronouns and antecedents
- Mila - economics
- Mason - you can measure things instead of guessing
- Kaiden - budgets
- Natalie - how to measure in feet, meters, and yards
- Dominic - when something is scarce they raise the price
- Isaac - how to make a budget
- George - how to multiply hundreds
- Taddy - Jesus always has time for children
- Kaden - that we, was, and water start with w
- Chloe - how to measure in centimeters and inches

Mrs. Messecar's Classroom

Our class has been talking about and praying for many people this past few weeks. We have been praying for the people in Ukraine and Russia and the surrounding countries, our own country and the decisions that are made for us at all levels.

We have been praying for Baby Leon and Baby Millie and then there are many concerns, hopes and thoughts that each one of us have been praying for. There are many silent prayers as well. We are praying for each of our families, their safety and their choices. We pray for ourselves and the choices we make and we are surrendering ourselves to God daily.

Students are really knocking out their math goals. They are doing so well.

We have been learning about the Great Depression, the Dust Bowl, and all that is leading up to World War II. We are learning that there hasn't been too many changes in attitudes of the dictators in WWII to today's dictators. We have been learning about Fascism, Communism, anti-Semitism, Nativism, Capitalism, Socialism, Nationalism, and Pacifism. This has been very interesting for all of us. We are spending a lot of time at the maps, looking at where things are taking place. In Bible we are reviewing all that we have studied so far this year and how choices made affected the results. We also are learning about making choices of our own.
